

A potpourri of resources

[New American Dream](http://www.newdream.org/) – This site helps Americans consume responsibly, with information on stopping junk mail, kids and commercialism with tips for parenting, institutional purchasing, carbon offsets, socially responsible investing, home cleaning, cars, CFL's, computers and much more. <http://www.newdream.org/>

["Ecotheology and World Religions"](http://www.plymouth.org/about/McDaniel-Ecotheology.pdf) – An article by Jay McDaniel, who was hosted at Plymouth by the Plymouth Center in March 2007. <http://www.plymouth.org/about/McDaniel-Ecotheology.pdf>

Earth Day Footprint Quiz

Ever wondered how much "nature" your lifestyle requires? You can find out here.

<http://www.myfootprint.org/>

Fresh Energy

"Fresh Energy is leading the transition to a clean energy system by harnessing research, advocacy and community engagement." Many interesting links. <http://www.fresh-energy.org/>

Grist Magazine

"The nation's largest and most respected online environmental publication — 'a beacon in the smog.' Its news and analysis are delivered with a sly dose of humor..." <http://www.grist.org/>

"The Crossroads of Climate Change"

Minnesota Conservation Volunteer, 2001.

This on-line article describes the probable responses of the flora and fauna to global warming, specifically in Minnesota. <http://www.dnr.state.mn.us/volunteer/janfeb01/warming.html>

Field Notes from a Catastrophe by Elizabeth Kolbert. This book is a good primer on global warming.

["Energy's Future Beyond Carbon,"](http://www.sciam.com/issue.cfm?issueDate=Sep-06) *Scientific American* special issue, September 2006.

An excellent overview with nine articles on realistic solutions for a sustainable world.

Available here, digitally or in print. <http://www.sciam.com/issue.cfm?issueDate=Sep-06>

["Vegetarian is the New Prius,"](http://www.organicconsumers.org/articles/article_3853.cfm) *Organic Consumers Association*, 2007. An on-line article. "The U.N. report says almost a fifth of global warming emissions come from livestock ... that's more emissions than from all of the world's transportation combined."

http://www.organicconsumers.org/articles/article_3853.cfm

The Weather Makers by Tim Flannery. A book on global warming, he's impassioned and clearly explains the science.

Shopping: The Moral Ecology of Consumption

An article by James J. Farrell. <http://www.plymouth.org/about/Farrell-Consumption.pdf>

.

(Jim Farrell and Jay McDaniel, authors of two of the above articles, spoke at Plymouth in 2007 as guests of the Plymouth Center.)
