Sundays @ 10

Activities and
discussions
to enliven
your
spiritual life

published for
Sunday, Sept. 8, 2019

Text Talk—Deep-dive discussions of the scripture(s) chosen for the day, led by the preacher; in Fireside.

Meditation—Join in meditation, in the Chapel, led by **Diane Boruff**.

Fellowship in Jones Commons
Gather for coffee and conversation

Sunday Forum
Sept. 15, Conn Theater
Reinventing the Hennepin County Sheriff's Office

Presented in collaboration with the Immigrant Welcoming Work Group

Hennepin County Sheriff David Hutchinson will address matters of immigration, the opioid crisis that's plaguing Hennepin County and other public safety issues. He will discuss what's to be done to make Hennepin County a better and safer place for everyone.

Sheriff David Hutchinson began his law enforcement career as an officer in Bayport, Minn. In 2006, he joined Metro Transit Police as a sergeant. Hutchinson worked in some of the most forgotten neighborhoods in Hennepin County as he supervised Peer Support Programs, Crisis Intervention Training and the Community Engagement Team.

Sept. 22, Jackman
Affordable Housing No. 1: The Findings of the Civic Caucus
The Civic Caucus is a nonpartisan, nonprofit public policy organization that carries on Minnesota's proud tradition of exploring the state's critical public policy issues and solutions. In studying the current housing crisis in Minnesota, they have conducted dozens of interviews with individuals and organizations involved with the issue.

Attorney John Cairns founded his own law firm in 2008 after 19 years with Briggs and Morgan. He was part of a Minnesota group that created charter schools and has worked in the charter school sector for nearly 30 years. John is a former Minneapolis City Council member and City Council President. He sits on many nonprofit boards, including that of Civic Caucus: www.civiccaucus.org (where notes of interviews with housing policy experts are posted).

Sept. 29, Jackman
The Theology of Prince
Prince (AKA the Artist formerly known as Prince) was a Minnesota-bred international artistic phenomenon. He had a long career starting in the late 1970s and ending with his death in 2016. Prince is credited with having produced 39 studio albums, four live albums, 152 music videos and five movies, including

the iconic *Purple Rain*. Prince saturated the international markets with his art, yet many people do not know that Prince espoused his theologies throughout his art and intended to be a messenger for God. In this presentation, **Pamela Ayo Yetunde** will talk about how United Seminary engaged in their Theology of Prince project and how this engagement may impact the study of contemporary prophets and theologians.

Pamela Ayo Yetunde, JD, ThD, is Assistant Professor, Pastoral Care and Counseling, and Director of Interreligious Chaplaincy at United Theological Seminary of the Twin Cities. She chaired the Theology of Prince project.

Church School—for children 4 years old through 6th grade; please register your children with Nina Jonson, Programs Manager, ninaj@plymouth.org

Junior and Senior High—Contact Nina Jonson about activities for older children, ninaj@plymouth.org
