## Scroll Down

A few years ago, I thought I was having trouble receiving all the attachments to prepare for a board meeting. It kept happening until someone finally asked me, “Are you scrolling down?” Scrolling down?? I had no idea what they were talking about. You don’t know what you don’t know!

I learned to “scroll down” that day. A simple click of the mouse on the bar usually on the right side of my computer screen does the trick. I have heard that some folks are having trouble accessing our online services, which are posted to the Plymouth Church website. Never fear! This may be the answer to your problem: scroll down. If you or anyone you know have not been able to access our services, please call the office; we are happy to talk you through this.

Here’s a limerick I wrote to help us laugh about the situation:

*Some worshippers looking to find  
our services somewhere online  
neglected to scroll,  
getting screens to roll,  
thereby losing a link to the divine.*

“Scroll down” can also be a mantra or metaphor for life. Sometimes we have to dig a little deeper to get to the treasures of life.

This week let’s scroll down!

*Paula*
